

#12 THERE WILL ALWAYS BE A LADY FAIR

SAILOR 1: A sailor's life is supposed to be,
a heck of a lot of fun

SAILORS 2, 3 and 4: Yes but when you're a sailor take it from me
You work like a sun of a gun

SAILORS: They give us jobs of every kind,
and chores of every sort

ANGELS: But sweat away sailor you don't mind
'Cause you know when we reach port

ANGELS: There will always be a lady fair
a Jenny fair, or a Sadie fair
There'll always be a lady fair
who's waiting there for you

SAILORS: There will always be, a lady fair
to smooth your troubles and to muss your hair
There'll always be a lady fair
Who's waiting there for you
